Editor's Note.

A. Contents of volume VIII.

Reference is made to para. 4 of the "Editor's Note" in volume VII of the "Enactments". In accordance with the intention therein announced the present volume VIII contains in addition to "formal legislation" those documents which the Allied Secretariat designated "Approved Papers".

B. Publication of "Enactments".

Except for volumes I and II, subsequent volumes of the "Enactments" were issued on a quarterly basis. This practice has been discontinued with the publication of the present volume which covers a six months period of Allied Control Authority meetings. Future volumes of the "Enactments" will be published semi-annually, unless the accumulation of material justifies again quarterly publication of this compilation.
